BSB80615 Graduate Diploma of Management (Learning)

Course description

This course reflects the roles of individuals who apply highly specialised knowledge and skills in the field of commercial organisational management.

This qualification will prepare you to become a business leader and manager ready to play your part in building organisational capability. With a business degree, your options are endless giving you sought-after skills that can be applied to your chosen industry or organisation anywhere in the world.

Entry requirements

There are no formal entry requirements to APC's Graduate Diploma of Management (Learning) other than APC ensuring applicants are academically suited to the APC graduate diploma/Master's course continuum. Each applicant will be asked to show their desire and suitability to enter and complete our post graduate education in management by producing a personal "portfolio of evidence" that indicates their previous academic experience, their personal, commercial and workplace achievements and their aims and hopes for their life during and after their APC study.

A minimum level of English equivalent to IELTS 6.5 (with no component lower than 6.0) will be required for graduates of the Graduate Diploma however it is expected that this can be demonstrated in the "portfolio of evidence" and subsequent assessment projects rather than necessarily by test results. APC will be conducting an enrolment interview with all applicants to ensure your suitability and commitment.

Outcomes and pathways

Description	Notes
Employability	Typical job roles: Department Manager Staff Development Manager General Manager Chief Executive Officer
Further stay in Australia	APC Grad Dip Mgmt + Master's currently qualifies a graduate for the Post-Study Work Visa (PSWV - subclass 485)
